

INQUIRIES TO DONATE TO NMMC

Thank you for your interest in preserving the history of the United States Marine Corps. The National Museum of the Marine Corps has developed collecting plans to ensure that its artifact collections reflect the full range of Marine Corps History. If you are interested in donating objects—medals, uniforms, memorabilia, and the like—to the Museum, please write to LtCol Robert Sullivan, Director, Curatorial Services, National Museum of the Marine Corps, 2014 Anderson Ave, Quantico, VA 22134-5067. Include in your letter a description of the object(s), photographs if possible, and any background information you may have. The curatorial staff will determine if your objects would be best served as part of the Museum's collection, or they may recommend another depository. Diaries, logbooks, photographs, and other paper documents may also be of interest to the Marine Corps. If you wish to contact us concerning the donation of documents and photographs, please contact Mr. Mike Miller, Archivist, Gray Research Center, 2040 Broadway Ave, Quantico, VA 22134-5067. Again, we thank you for contributing to the history of the Corps!
